

January 2015

DESIGN RETAINER AGREEMENT

Kitchen Design Studio's Retainer Fee represents payment for design services for kitchens, baths, or other areas of the home requiring cabinetry planning. Our typical service includes planning meetings and needs analysis, job site measure or blueprint take-off, conceptual layout, elevation and/or perspective drawings.

The initial consultation meeting in our showroom or at your home is at no charge. This meeting is aimed at assessing your needs, educating you on our services and products and determining a working relationship. Upon agreement and payment of the retainer fee, the design process will commence and drawings can be released to the client.

When placing your cabinetry order with Kitchen Design Studio, Inc., the retainer fee will be credited to the purchase price of cabinetry for the area specified. We will communicate with your builder and subcontractors on your behalf as the job progresses, attend job site meetings as needed and provide detailed installation drawings.

Occasionally our hourly fee may be applicable for situations like the following:

- When additional design time is deemed necessary, due to the size and/or scope of a project. *Our standard kitchen retainer represents 12 hours of design time.*
- When designing other areas of the home such as libraries, home offices, entertainment centers, laundry/craft rooms.

Other arrangements are considered on an individual basis.

Should you choose to retain our services, please see our schedule of rates and complete the appropriate information on the next page. Thank you.
